

Worksheet for Technical Review of Working Draft of Proposed Permit

Company Name:	Weyerhaeuser Company	AI #:	26547	TEMPO Activity No:	PER20080001
Facility Name:	Arcadia Structurwood	Remarks Submitted by:	Jason Lindquist		
Permit Writer:	Shane Clary	Permit Writer Email address:	Shane.Clary@la.gov		

Instructions

Permit Reference – Indicate specific portion(s) of the permit to which the remark relates (i.e. “Specific Condition 120”, or “Section II Air Permit Briefing Sheet”, etc.).

Remarks – Explain the basis for each remark. Provide regulatory citations where possible. If the remark is made due to an error or omission in the permit application this must be noted and the revised information *must be submitted*. Revised information may be submitted separately from this worksheet. Please be aware that revised information must be submitted in writing and certified by the Responsible Official, and if necessary, by a Professional Engineer licensed in Louisiana. *Please Note:* New or additional equipment, processes or operating conditions not addressed in the original permit application will be addressed on a case-by-case basis. The Department reserves the right to address such changes in a separate permit action.

DEQ Response – ***DO NOT COMPLETE THIS SECTION.*** This section will be completed by Air Permits Division of DEQ, included in the proposed permit package and made available for public review during the public comment period.

- Additional rows may be added as necessary.

- Completed Form shall be emailed to the Permit writer in MS Word compatible format within the deadline specified in the email notification.

Permit Reference	Remarks	Air Permits Division Response (for official use only)
Page 3 – Air Permit Briefing Sheet	Change wood waste to wood residuals	Change made.
Page 5 – Air Permit Briefing Sheet	Emission calculations do not take into account operation of press emissions to abort for routine maintenance exemption	Change made.
Emission Rates for Criteria Pollutants	No provision made for EQT 019 – Press stack to abort during maintenance exemption. Emission rates for 3 % of operation time may be at old emission rates for this stack	Alternate scenario created to show emissions during maintenance exemption.
Inventories – Page 1 of 3	PV 01 not included on sheet	It is included on EQT0019, PV-01
Inventories – Page 2 of 3	Change Backup Regenerative Thermal Oxidizer to Regenerative Thermal Oxidizer #3	Change made.
Emission Rate for TAP/HAP & Other Pollutants	PV 01 not included	Alternate scenario created to show emissions during maintenance exemption.
